IJ-90

THE HEAVY DUTY MAILING SYSTEM FOR ADVANCED MAILING NEEDS

Modular performance that boosts your mailroom productivity

WE VALUE YOUR MAIL

IJ-90

THE HEAVY DUTY MAILING SYSTEM FOR ADVANCED MAILING NEEDS

The Neopost IJ-90 delivers high speed with low costs, transforming your mailing operation. It saves time and money, with lightning-fast mail processing and intelligent technology that helps make your mailroom more effective and productive.

Built for environments where performance and versatility are a must, the ultra-reliable and modular IJ-90 gives you maximum performance with quiet operation in a high-speed, easy to use solution.

The versatile mixed mail feeder eliminates time wasted sorting mail by size, thickness or weight and handles your mail at up to 220 letters per minute

MAXIMUM FLEXIBILITY IN HANDLING ENVELOPES

With the IJ-90, productivity comes with flexibility. The versatile mixed mail feeder easily handles letters of different sizes in either portrait or landscape, up to 12" x 15", saving you time by not having to presort mail. It also handles all kinds of envelopes - sealed or non-sealed, nested or non-nested. The mixed mail feeder automatically shingles the envelopes to prevent misalignment when being processed. The pump-fed spray sealer system ensures a positive seal and is easily accessible for cleaning.

A MAILING SYSTEM THAT MEETS THE NEEDS OF A DEMANDING MAILROOM ENVIRONMENT

The IJ-90 can interface with integrated weigh platforms up to 70 lbs. The dynamic scale option can automatically calculate and apply correct postage to items weighing up to 35 oz. You can even weigh a varied selection of items using differential weighing, which calculates the postage for each piece removed from the platform. Posting larger items is made easy with the built-in label dispenser or external thermal roll tape dispenser. You can also add a conveyor stacker to neatly collect your mail, saving even more time and boosting mailroom productivity.

PROCESS UP TO 220 LETTERS PER MINUTE

FEED AND SEAL MAIL UP TO 5/8" THICK

**ACCURATELY WEIGH MAIL IN-MOTION
AND APPLY EXACT POSTAGE**

**CONTROL AND ALLOCATE POSTAL COSTS
FOR UP TO 500 ACCOUNTS**

**CONNECT TO A PC TO TRACK, ANALYZE
AND MANAGE POSTAL EXPENDITURES**

The large, touch-screen control panel is programmable to make operating the IJ-90 simple and intuitive

Automatic label dispenser for swift and easy package mailings

The pump-fed water spray sealing system ensures a perfect envelope seal and cleans easily without a service call

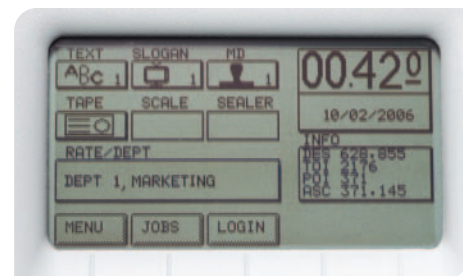

The dynamic scale allows in-motion weighing, so you save time and simplify your entire mailing process

**SAVE ON OPERATING COSTS
AND MAXIMIZE PRODUCTIVITY**

The high-capacity ink tank system helps you reduce operating costs with an outstandingly low cost-per-impression. It increases operating time for maximum productivity and the cartridge can be conveniently replaced in seconds.

PROJECT A QUALITY IMAGE

100% inkjet and 100% digital technology gives you sharp, clear printing that enhances the professional look of your organization. A choice of nine customized slogans can be loaded from memory cards and you can add your company name, greetings, slogans – even logos and photographs.

EFFICIENCY AT YOUR FINGERTIPS

The IJ-90 is controlled through a clear, intuitive touch screen that's big enough to read easily and doesn't have you hunting around a tiny keyboard. It's simple for first-time users and fast for experienced operators, giving direct access to important information and one-touch recall of regular jobs.

INTEGRATES INTO YOUR MAILING SYSTEM

When linked to a folder inserter, the IJ-90 gives you all the advantages of a complete mailroom solution with continuous, ready to mail processing. It allows your mail to be folded, inserted, sealed, weighed and metered all in one automatic process, and is perfect for direct mail and other marketing activities.

IJ-90

DIGITAL MAILING MACHINE

STANDARD FEATURE SUMMARY

- Compliant with USPS requirements
- Auto Date Advance
- PIN number security
- Unique, easy-to-read touch screen operation
- Process mixed mail up to 5/8" thick

- High yield ink tank for low cost per impression

SHAPE-BASED PRICING ENABLED

The IJ-90 with Dynamic Scale meets the requirements of the USPS Shape-Based Initiative and automatically measures the size, weight and thickness of each mail piece in-motion in order to correctly classify and rate your mail.

POSTAL EXPENDITURES MANAGEMENT AT HAND

The Neopost IJ-90 can connect directly to a PC, exporting accounting data and reports for advanced cost tracking and analysis using Neopost's postage accounting and management software.

ONE-TOUCH RECREDITING WITH POSTAGE-ON-CALL®

Many re-crediting systems are slow and complicated, often requiring long calls. The IJ-90 helps you avoid all that. Neopost's Postage-On-Call® refills your machine with postage in just a few key strokes, getting you back to business in seconds. With Postage-On-Call®, there's no more waiting for a check to clear before your postage is available. It's postage when you want it, available to you anytime for round-the-clock convenience - 24 hours a day, 365 days a year.

WHY CHOOSE NEOPOST

Neopost is a leading worldwide provider for mailing and shipping solutions. Our innovative products and services bring simplicity and efficiency to your complete mailing process to make your business run more effectively.
